A. Overview of Information Collection

Title of Information Collection: Evaluation of the Rental Assistance Demonstration Program, Phase I.

OMB Approval Number: 2528-New.

Type of Request: New collection.

Description of the need for the information and proposed use: The Rental Assistance Demonstration program (RAD) was established in 2012 to stem the loss of public housing units and other subsidized housing arising from a backlog of capital needs. The program helps to convert at-risk public housing properties to two different forms of project-based Section 8 Housing Assistance Payments (HAP) contracts—either project-based voucher (PBV) or project-based rental assistance (PBRA)—giving public housing authorities (PHAs) more flexibility to access private and public funding sources, easing their reliance on unpredictable appropriations. The RAD authorizing statute requires HUD to assess the impact of the program on: 1) the preservation and improvement of former public housing units, 2) the amount of private capital leveraged as a result of such conversions, and 3) the effect of conversion on residents.

The evaluation is designed to examine the resources available to improve the physical conditions of a public housing property, what new opportunities RAD creates for PHAs to improve public housing physical conditions, and how it helps PHAs preserve those units over the long term. To examine whether the stated HUD and PHA objectives are achieved, HUD will be collecting quantitative and qualitative data from primary and secondary sources and analyzing data related to the following: (1) the physical and financial conditions of 24 RAD properties selected for the study and 48 non-RAD properties selected for comparison; (2) the implementation of the program, including the capital needs and amount of private funding leveraged; and (3) the experience with, and effect on, residents.

At this time, funding is available to fund only the first two components of the evaluation, thus, this request for OMB clearance only covers the “first phase” of the evaluation- 1) an assessment of the baseline conditions of RAD properties chosen for study and the baseline conditions of the comparison non-RAD properties, and 2) an assessment of the initial RAD financing, and the implementation phase of the RAD program. The request also includes a tracking form for the resident study that will be completed as a second phase of the evaluation, should funding be made available.

Respondents: PHAs and PHA tenants.
